FISH CANNERY AND PACKING HOUSE AS NUCLEUS OF A NEW INDUSTRY

John H. Miller, chairman of the Mineral county board of commissioners, could not spare much time for loafing on the job so he dispatched the entire business in two hours and a half and hobbled back to Tonopah where he has interests of vast importance in the Divide district.

As soon as Mr. Miller disposed of the details claiming his personal attention on the Divide he will take up another great promotion project which he has been perfecting for some time. This will be a fish cannery and packing house that will furnish employment to several scores of men when the plant gets under way. The opportunity is presented by the millions of fat fish that are rapidly filling the waters of Walker lake. Carp is one of the finest fish to be had and recognizing the vast market waiting for the fishy product, Mr. Miller proposes to develop tons of fresh fish right from the heart of the desert where there is not supposed to be water enough to grow the whole of a mosquito or one of those moral prohibitionists.

Everybody knows the water taste of alfalfa fed beef but few have ever enjoyed the experience of dining off alfalfa fed carp which will furnish the proposed cannery and packing house with hundreds of tons of fish every day.

OH, GIRLS! ASK JUDGE GRIER TO GIVE YOU A PEEK AT 'EM

You can't keep 'em away from the advertising pages of a ladies' magazine. This is the condition reached by Judge Grier after the news was printed abroad that certain articles of intimate feminine wear had been seized and were on exhibition at the justice's court. The collection comprised nothing but the most exquisite and precious of those fluffly conceits in lingerie that ladies engaged in the bespian art delight to use in secret.

BOOZE RAID PROVES A REAL WATER HAUL

Last night the soft drink superintendents were treated to a visit from Sheriff Jack Harrier and Chief of Police Jack Grant who covered the whole camp making a systematic search for blind pigs and traces of booze. The investigation was thorough, extending to the remotest parts of the respective houses and at the end of the hunt the only announcement was made that nothing of a contraband nature was found.
